

## Sociology at The Hinckley School

<p><u>Curriculum Vision</u></p> <p>Sociology is the study of society. Learners will develop a critical understanding of contemporary social processes and social changes and study the significance of theoretical issues in sociological debate. Learners will understand a range of research methods through active involvement in the research process. They will also develop skills to enable them to focus on their personal identity, roles and responsibilities within society. The Sociology course at A Level can lead to a variety of career options, for example Social work, Human resources, Advertising, Policing, Marketing, Journalism, Law and Teaching.</p>	<p><u>Subject Intent</u></p> <p>To develop sociological awareness through active engagement with the contemporary social world.</p>
