1 Definitions

1.1 'Safeguarding' is defined in Keeping Children Safe in Education 2024 as:

- Providing help and support to meet the needs of children as soon as problems emerge
- protecting children from maltreatment, whether that is within or outside the home, including online
- protecting children from maltreatment;
- preventing impairment of children's mental and physical health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

1.2 'Child Protection' is the intervention that occurs when children have been significantly harmed or are at risk of significant harm.

1.3 'Child' refers to everyone under the age of 18.

1.4 'Parent' refers to birth parents and other adults in a parenting role for example adoptive parents, step parents and foster carers.

1.5 'Staff' or 'members of staff' refers to all teaching, non-teaching, support, supply, peripatetic, contract staff, governors, volunteers and trustees working in or on behalf of The Hinckley School and The Futures Trust.

2 Introduction

The Hinckley School fully recognises the contribution it can make to protect children and support students in school. The aim of the policy is to safeguard and promote our students' welfare, safety and health by fostering an honest, open, caring and supportive climate. The students' welfare is of paramount importance.

2.1 We recognise that safeguarding and child protection is an essential part of our duty of care to all students and all staff have a responsibility to provide a safe environment in which children can learn. We understand that safeguarding, child protection and promoting the welfare of all children is everyone's responsibility and everyone has a role to play in protecting children. We recognise that our school is part of a wider safeguarding system for children and work closely with other agencies to promote the welfare of children. We maintain an attitude of 'it could happen here' and will consider the wishes of, and at all times, what is in the best interests of each child.

2.2 The purpose of this policy is to:

- Promote safeguarding and child protection and to demonstrate The Hinckley School's commitment to keeping children safe;
- Provide all members of staff with the information required to meet their safeguarding duty and protect children from harm;
- Provide stakeholders with clear information relating to The Hinckley School safeguarding and child protection procedures;
- Ensure that staff understand, can recognise and can respond to the indicators of abuse;
- Ensure that all staff are aware of their mandatory duties in relation to Prevent;
- Ensure that all staff are aware of their mandatory reporting duty in relation to Section 5B of the Female Genital Mutilation Act 2003;
- Ensure that children are protected from maltreatment or harm.

2.3 The Hinckley School is committed to the following principles:

- All children have the right to be protected from harm.
- Children should feel safe and secure and cannot learn unless they do so.
- All staff are responsible for keeping children safe and have a responsibility to act if they think a child is at risk of harm.
- All staff take on a responsibility to promote children's welfare.
- Working with other agencies is essential to promote safeguarding and protect children from harm.
- Early help and providing support to families and/or children as soon as a problem emerges is essential to improving outcomes for children and families.

2.4 Safeguarding aims

2.4.1 The safeguarding aims of The Hinckley School are in line with Keeping Children Safe in Education (2024) which are to:

- work to identify children who are suffering or likely to suffer abuse, exploitation or neglect and act to protect them;
- work with relevant services and agencies to ensure that children are protected from harm;
- provide a learning environment for children which is safe and secure;
- teach children how to keep themselves safe and provide structures for them to raise concerns if they are worried or at risk of harm;
- support children's mental health and wellbeing;
- ensure that we adhere to safer recruitment guidance and legislation, deal promptly with allegations of abuse against staff and take bullying and harassment seriously;
- train staff effectively and regularly in all safeguarding issues (including online safety) and in their responsibilities for identifying and protecting children that are, or may be, at risk of harm;
- have a designated safeguarding lead and deputies, who will provide support to staff, students and families;
- recognise that all children may be vulnerable to abuse, but be aware that some children have increased vulnerabilities due to special educational needs or disabilities;
- maintain a robust recording system for any safeguarding or child protection information;
- ensure that everyone at The Hinckley School understands the safeguarding procedures; and to
- regularly review policies and procedures to ensure that children are protected to the best of our ability.

2.5 This policy adheres to the following documents;

- Keeping Children Safe in Education (2024)
- Working Together to Safeguard Children (December 2023)*
- Guidance For Safer Working Practice for those working with children and young people in education settings (February 2022)

2.6 Keeping Children Safe in Education remains in force throughout the Covid-19 emergency period. In addition, we will have regard to non-statutory interim guidance on safeguarding schools, during the coronavirus outbreak. We continue to work closely with the Local Authority and the Leicestershire and Rutland Safeguarding Partnership to safeguard children during this time. See Covid 19 Annex for further information.

2.7 Please note that there are a number of other documents (statutory and non-statutory) that inform our policy and practice. A list of these can be found in Annex B of Keeping Children Safe in Education (2024).

2.9 Scope

2.9.1 This policy applies to all teaching, non-teaching, support, supply, peripatetic, contract staff, governors, volunteers and trustees working in or on behalf of The Hinckley School or The Future's Trust. All references in this document to 'staff' or 'members of staff' should be interpreted as relating to the aforementioned unless otherwise stated.

2.9.2 Rather than duplicating content from Keeping Children Safe in Education (2023) in this policy, it should be understood that The Hinckley School Form will always refer to this document as the benchmark for all safeguarding practice.

3 Roles and Responsibilities

3.1 The Role of the Governing Body and the Trust.

3.1.1 The Futures Trust has a senior board level lead to take leadership responsibility for safeguarding. This role is carried out by Carol Blair. At school level the named governor for safeguarding is TBC.

Part 2 of Keeping Children Safe in Education (2024) sets out the responsibilities of governing bodies. As part of these overarching responsibilities the Governing Body and Trust will:

- Have a strategic leadership responsibility for The Hinckley School safeguarding arrangements;
- Ensure that they comply with their duties under legislation;
- Ensure a whole school approach to safeguarding, including the use of mobile technology in school;
- Ensure that this policy is reviewed annually, ratified by the Trust and communicated to the Governing Body;
- Through the Headteacher, remedy without delay any deficiencies or weaknesses in regard to child protection arrangements that are brought to the attention of the school leadership, Governing Body or Trust.
- Ensure that policies, procedure and training in The Hinckley School are effective and comply with the law at all times and that they allow concerns to be responded to in a timely manner;

- Ensure that The Hinckley School has an effective child protection policy, that it is published on The Hinckley School website or available by other means and review this annually;

- Ensure that The Hinckley School has a staff behaviour policy or Code of Conduct, which is shared with all current staff and forms part of the induction training for new staff (see section 11 on Staff Training);
- Ensure that all staff and volunteers undergo safeguarding and child protection training (including online safety, filtering and monitoring process) on induction and that as part of this they receive Part One and Annex A of Keeping Children Safe in Education (2024). With regular updates and training throughout the academic year.
- Put in place appropriate safeguarding responses for children who are absent or go missing from education;
- Consider a whole-school approach to online safety, including the use of mobile technology in school;

- Appoint an appropriate member of staff from the senior leadership team to the role of designated safeguarding lead;
- Understand the local criteria for action and local protocol for assessment;
- Recognise the importance of information sharing between practitioners and local agencies;
- Ensure that appropriate filters and monitoring systems are in place to keep children safe online;
- Respond to allegations of abuse against the Headteacher whilst ensuring there are procedures in place to manage safeguarding concerns or allegations against staff (including supply staff, volunteers and contractors)
- Ensure that on arrival at school, all visitors (including contractors) are provided with a leaflet making them aware of their responsibilities in being alert to the signs of abuse, and their responsibility for referring any concerns to the Designated Safeguarding Lead or their Deputy. This will include the names of the Designated Safeguarding Leads and their contact details.
- Ensure that children and young people are taught about safeguarding and keeping themselves safe, including online safety, in a way that is appropriate to their age. This will include raising their awareness of the types of abuse and neglect, and specific safeguarding issues such as Child Exploitation; See paragraph 11 of this policy for further information.
- Ensure that the school contributes to inter-agency working in line with statutory guidance *Working Together to Safeguard Children 2023*. This includes providing a co-ordinated offer of early help¹ when additional needs of children are identified and contributing to inter-agency plans to provide additional support to children subject to child protection plans. This covers a range of work such as:

¹ Inspected by Ofsted under leadership and management of safeguarding (Inspecting Safeguarding, Ofsted, 2019)

- Working to help identify children and young people who are privately fostered;
- Working to help protect children from extremist and violent views through multi-agency work on the PREVENT agenda;
- Ensure that the school develops effective links with relevant agencies and co-operate as required with their enquiries regarding child protection matters, including:
 - Attendance at case conferences;
 - Notifying Social Care immediately (on the first day of absence) if there is an unexplained absence of a child on a Child Protection Plan;
 - Contacting the child's social worker directly if there is an unexplained absence of a child who is Looked After. This will then trigger actions identified in the 'Joint Police and Social Care Protocol for Dealing with Children Missing from Care'.
- Ensure that the school adheres to and fully implements the Trust's Safer Recruitment Checklist and the processes that underpin it;
- Ensure that² any member of staff found not suitable to work with children will be notified to the Disclosure and Barring Service (DBS) for consideration for barring,

- following resignation, dismissal, or in the case of a volunteer, when we cease to use their service as a result of a substantiated allegation³; and
- Ensure that the Trust's Whistleblowing Policy is accessible to staff and volunteers and is published on the school's website.

3.2 The Role of the Headteacher

3.2.1 The Headteacher will:

- Ensure that this policy is reviewed annually at minimum and ratified by the governing body;
- Ensure that this policy and associated procedures are adhered to by all staff;
- Ensure that all staff are made aware of the named governor for safeguarding and the designated safeguarding lead;
- Ensure that the role of 'Designated Safeguarding Lead' is explicit in the role-holder's job description including leading on filtering and monitoring process;
- Decide whether to have one or more deputy safeguarding leads and ensure they are trained to the same standard as the Designated Safeguarding Lead;
- Organise appropriate cover for the role of Designated Safeguarding Lead for any out of hour/out of term activities;
- Appoint a 'Designated Teacher for Looked-After and Previously Looked-After Children' to promote the educational achievement of children looked after;
- Appoint a lead for online safety;
- Promote a whole school approach to safeguarding;

- Respond to allegations of abuse against all other members of staff including supply staff, volunteers and contractors;
- Refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required;

² Following guidance from the LADO

³ Working Together to Safeguard Children (DfE 2023) states "If an organisation or agency removes an individual (paid worker or unpaid volunteer) from work in regulated activity with children (or would have, had the person not left first) because the person poses a risk of harm to children, the organisation or agency must make a referral to the Disclosure and Barring Service to consider whether to add the individual to the barred list."

- Safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties (Teaching Standards, 2012);
- Ensure that Children's Services (from the host local authority or placing authority) have access to The Hinckley School to conduct, or to consider whether to conduct a section 47 or section 17 assessment, as per Keeping Children Safe in Education (2024).
- Ensure that the school works with Children's Services, the police, health services and other services to; promote the welfare of children; provide a co-ordinated offer of early help when need is identified; contribute to inter-agency plans for children subject to children protection plans and to protect children from harm.
- Ensure that the school is alert to possible private fostering arrangements, and that in the school admission process, the parents/carers resident with each child or young person indicate whether they are parent, other relative (to be specified), friend of the family, or other (to be specified).

3.5 Multi-Agency Working

The school is committed to multi-agency working and operates under Working Together to Safeguard Children (2023) and local safeguarding arrangements.

The school will work with Leicestershire and Rutland Safeguarding Partnership, social care, the police, health services, local Early Help practitioners and other relevant agencies to promote the welfare of children and protect them from harm.

4 Types of abuse

4.1 As outlined above, all staff will be trained in indicators of abuse and should be able to recognise signs of abuse. We recognise that abuse, neglect and safeguarding issues are complex and can rarely be covered by one label. Abuse can take many forms and can involve directly inflicting harm on a child or failing to protect a child from harm, online as well as face to face. The four main types of abuse that staff are trained to recognise are:

- Physical abuse;
- Sexual abuse;
- Emotional abuse;
- Neglect.

4.2 Types of abuse (Taken from Keeping Children Safe in Education 2024)

Type of abuse	Information
Abuse	A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults, or another child or children.
Physical abuse	A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
Emotional abuse	The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.
Sexual abuse	Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in

Type of abuse	Information
Child sexual exploitation (CSE)	<p>preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education and all staff should be aware of it and of The Hinckley School's policy and procedure for dealing with it.</p> <p>CSE is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator and/ or through violence or the threat of violence. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology. Further information about Child Sexual Exploitation can be found on page 28 of Keeping Children Safe in Education 2024.</p>
Neglect	<p>The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.</p>

4.3 Indicators of abuse can be found in Appendix B.

4.4 If a child is in immediate danger or at risk of harm, a referral will be made to Children's Services and any member of staff can make this referral. A Designated or Deputy Designated Safeguarding Lead should be available at all times, but in exceptional circumstances the member of staff should speak to a member of the Senior Leadership Team or seek advice directly from Children's Services and then take appropriate action. The Designated Safeguarding Lead should be made aware as soon as possible.

4.5 Staff, parents and the wider community should report any concerns that they have about the welfare of children, however minor or seemingly insignificant. Staff should not assume that someone else will report concerns.

4.6 The Hinckley School recognises that any child can be the victim of abuse and may benefit from early help. However, the school will be particularly vigilant to potential need for early help if a child:

- Is disabled or has certain health conditions and has specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- has mental health need;
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or County Lines;
- is frequently missing/goes missing from education, care or from home;

- Has experienced multiple suspensions and is at risk of, or has been permanently excluded from schools
- is misusing drugs or alcohol themselves;
- Is at risk of modern slavery, trafficking, sexual or criminal exploitation;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- has returned home to their family from care;
- is showing early signs of abuse and/or neglect;
- is at risk of being radicalised or exploited;
- has a parent or carer in custody, or is affected by parental offending;
- is at risk of so called 'honour based' abuse such as Female Genital Mutilation of Forced Marriage;
- is persistently absent from education, including persistent absence for part of the school day;
- is a privately fostered child.¹

4.7 The Hinckley School recognises that abuse can take many different forms. Staff will also receive training on the following issues and action will be taken if the school believes that a child is at risk of or is the victim of:

- physical abuse;
- sexual abuse;
- emotional abuse;
- neglect;
- bullying, including cyber- or online-bullying;
- child criminal exploitation and sexual exploitation (including involvement in county lines);
- domestic abuse, (including where they see, hear or experience it's effects);
- fabricated or induced illness;
- faith-based abuse;
- serious violence and harassment including gangs or youth violence;
- gender-based violence;
- hate;
- mental health;
- child on child abuse;
- So called honour-based violence (including female genital mutilation and forced marriage);
- radicalisation;
- relationship abuse;
- sexual violence or sexual harassment (including child on child/child on child abuse);
- sharing of consensual or non- consensual nude and semi-nude images/videos;
- trafficking and modern slavery.

4.8 The Hinckley School will also take action to protect children missing education and children missing from home or care.

4.9 There are other familial issues that can have a detrimental impact on children. We work with other agencies in line with Keeping Children Safe in Education (2024) to support children and families in the following circumstances:

- Children facing the court procedures and/or children in the court system;

- Children with family members in prison;
- Children who are homeless.
- Children who need/have a social worker.

4.10 Children potentially at greater risk of harm

4.10.1 The school recognises that some children need a social worker due to abuse, neglect or complex family circumstances and that abuse and trauma can leave children vulnerable to further harm, as well as educational disadvantage.

4.10.2 The Designated Safeguarding Lead will hold information relating to social workers working with children in the school.

4.10.3 This information will inform decisions about safeguarding and promoting welfare (including the provision of pastoral and/or academic support).

4.11 Children Requiring Mental Health Support

4.11.1 The school recognise that safeguarding and promoting the welfare of children includes preventing the impairment of children's mental health or development.

4.11.2 All staff will be aware that mental health problems may be an indicator that a child is suffering or is at risk of suffering abuse, neglect or exploitation.

4.11.3 Staff will not attempt to make a diagnosis of a mental health problem unless they are appropriately trained.

4.11.4 We recognise that staff are well-placed to observe behaviour that may indicate that a child is experiencing a mental health problem or is at risk of developing one. There are clear systems and processes in place for identifying possible mental health problems. If staff are concerned that a child is suffering a mental health problem, they should discuss their concern with the relevant Pastoral Leader and record their concerns on CPOMS, the Pastoral Leader and safeguarding team will consider the most appropriate support through the Overcoming Barriers to Learning meetings. If the concern involves an urgent mental health crisis then the Designated Safeguarding Lead should be informed without delay. See Appendix A for links to DFE guidance "Mental Health and Behaviour in Schools" which states: -

"Negative experiences and distressing life events can affect mental health in a way that can bring about changes in a young person's behaviour or emotional state, displayed in a range of different ways, all of which can be an indication of an underlying problem. This can include:

- Emotional state (fearful, withdrawn, low self-esteem)
- Behaviour (aggressive or oppositional; habitual body rocking)
- Interpersonal behaviours (indiscriminate contact or affection seeking, overfriendliness or excessive clinginess; demonstrating excessively 'good' behaviour to prevent disapproval; failing to seek or accept appropriate comfort or affection from an appropriate person when significantly distressed; coercive controlling behaviour; or lack of ability to understand and recognise emotions)."

4.11.5 If staff are concerned that a child is experiencing a mental health problem that is also a safeguarding concern, they must report this to the Designated Safeguarding Lead (or deputy Designated Safeguarding Lead) immediately.

4.11.6 Further information, guidance and advice regarding mental health can be found on page 46 of Keeping Children Safe in Education 2024.

4.12 The Hinckley School has a duty to refer any children who are living in a private fostering arrangement to the local authority (see section 20).

4.13 All schools are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 in the exercise of their functions to have “due regard” to the need to prevent people from becoming involved with or supporting terrorism. See Appendix D for further information on The Hinckley School’s Prevent duty.

4.14 If any member of staff is unsure about signs of abuse or neglect, they should speak to the Designated Safeguarding Lead.

4.15 See Appendix A for further information and guidance on the above issues.²

4.16 Children Absent or Missing from Education

4.16.1 The Hinckley School understands that children missing from education or absent for prolonged periods and/or repeat occasions can be a warning sign to a variety of safeguarding concerns including neglect, child sexual and criminal exploitation, particularly county lines. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation, so called ‘honour’-based abuse or risk of forced marriage.

4.16.2 The Hinckley School will report information to the Local Authority when removing a child from roll, as per The Hinckley Schools ‘Children Missing Education Policy’.

4.16.3 Should a child go missing during the school day, or is placed on a reduced timetable, The Hinckley School will follow the Pupil Missing Education policy.

4.17 Elective Home Education

4.17.1 The Hinckley School recognises that many home educated children have positive learning experience and the decision is one with the child’s best interests at heart. However elective home education can mean that some children are not in receipt of suitable education and are less visible to the services that are there to keep them safe and supported in line with their needs.

4.17.2 Since 2016 The Hinckley School has a statutory duty to inform the Local Authority of all deletions from roll. When Elective Home Education is the reason for this removal, the Local Authority and other key Professionals will work alongside The Hinckley School to co-ordinate a meeting with parents where possible ideally before a final decision is made.

4.18 Children who are Lesbian, Gay, Bi, trans or Gender questioning (LGBTQ+)

The section of KCSIE 2024 on gender questioning children remains under review, pending the outcome of the gender questioning children guidance consultation, and final gender questioning guidance documents being published.

The Hinckley School recognises there are a wide range of views and we remain committed to putting the best interests of the child first, working closely with parents/carers, and taking an approach that prioritizes the safety and welfare of all children, but especially the most vulnerable. The school remains committed to equality for all children regardless of background and following the legal framework for protected characteristics which aims to eliminate all forms of discrimination.

The fact that a child or a young person may be (or may be perceived to be) LGBTQ+ is not in itself an inherent risk factor for harm. However, children who are LGBTQ+ can be targeted by other children. In some cases, a child who is perceived by other children to be LGBTQ+ (whether they are or not) can be just as vulnerable as children who identify as LGBTQ+. (See our Relationships Policy (Including

² Please note that definitions of physical, sexual, emotional abuse and neglect are contained in the main body of the policy. Further information about other safeguarding issues and indicators of abuse can be found in Appendix A and B.

Behaviour & Anti-Bullying).

We also recognise that LGBTQ+ children are more likely to experience poor mental health.

Keeping Children Safe in Education (2024) states

206. However, the Cass review identified that caution is necessary for children questioning their gender as there remain many unknowns about the impact of social transition and children may well have wider vulnerabilities, including having complex mental health and psychosocial needs, and in some cases additional diagnoses of autism spectrum disorder and/or attention deficit hyperactivity disorder.

207. It recommended that when families/carers are making decisions about support for gender questioning children, they should be encouraged to seek clinical help and advice. When parents are supporting pre-pubertal children, clinical services should ensure that they can be seen as early as possible by a clinical professional with relevant experience.

208. As such, when supporting a gender questioning child, schools should take a cautious approach and consider the broad range of their individual needs, in partnership with the child's parents (other than in the exceptionally rare circumstances where involving parents would constitute a significant risk of harm to the child), including any clinical advice that is available and how to address wider vulnerabilities such as the risk of bullying.

Risks can be compounded where children who are LGBTQ+ lack a trusted adult with whom they can be open. It is therefore vital that staff endeavour to reduce the additional barriers faced and create a culture where students can speak out or share their concerns with members of staff.

LGBTQ+ inclusion is part of the statutory Relationships Education, Relationship and Sex Education and Health Education curriculum and there is a range of support available to help schools counter homophobic, biphobic and transphobic bullying and abuse

5 Responding to signs of abuse

5.1 If a member of staff, parent or member of the public is concerned about a child's welfare, they should report it to the Designated Safeguarding Lead or their Deputy as soon as possible. On occasions when the designated safeguarding lead is not available, it should be reported to the deputy designated safeguarding lead without delay. Although any member of staff can make a referral to Children's Services, where possible there should be a conversation with the Designated Safeguarding Lead. If anyone other than the Designated Safeguarding Lead makes a referral to children's services or to the police, they should inform the Designated Safeguarding Lead as soon as possible.

5.2 All staff will be alert to indicators of abuse and will report any of the following to the Designated Safeguarding Lead, or Deputy Designated Safeguarding Lead in their absence, as soon as possible, (see also section 6 record keeping and using CPOMS for written reports):

- Any concern or suspicion that a child has sustained an injury outside what is reasonably attributable to normal play;
- Any concerning behaviours exhibited by children that may indicate that they have been harmed or are at risk of harm, including unusual changes in mood or behaviour, concerning use of language and/or concerning drawings or stories.
- Any significant changes in attendance or punctuality;
- Any significant changes in a child's presentation;
- Any concerns relating to people who may pose a risk of harm to a child; and/or
- Any disclosures of abuse that children have made must be reported immediately in person.

5.3 There will be occasions where a child discloses abuse directly to a member of staff. If this happens, the member of staff will:

- Recognise that a disclosure may come directly from the child, or from a third party, e.g. friend, neighbour, other family member. Alternatively, it may be through the suspicion of staff based on a variety of symptoms and knowledge of possible indicators of abuse;
- Find time and, if necessary, a suitable place to listen to the child, when information about possible abuse comes to light;
- Listen carefully to the child and believe what they are saying;

- Act on concerns immediately if a child is at risk of harm;
- Not make false promises which may not be able to be fulfilled and do not promise confidentiality. If the child asks that information is kept secret, it is important that you tell the child in a manner appropriate to the child's age/stage in development that you cannot promise complete confidentiality – instead you must explain that you may need to pass information to other professionals to help keep the child, or other children, safe;
- Find out just enough to be sure of the need to refer, and keep any questions open rather than closed. Education is a referrer, not an investigative agency for child protection matters. An incident may eventually end up as a court case and children's evidence can all too easily be compromised by leading questions or repeated recital;
- Only ask for clarification if something is unclear and will not ask 'leading' questions;
- Explain what has to be done next and who has to be told;
- Report disclosure to the designated safeguarding lead as soon as possible, certainly before the end of the day;
- Only discuss the issue with colleagues that need to know about it;
- Will write up the disclosure and pass it to the designated safeguarding lead. It is likely they will have a discussion with the DSL prior to this.

A child may disclose sensitive information at any time of the day, and in particular this may occur outside of normal lesson time, e.g. break periods or during before/after school club sessions. It is therefore imperative that **all** staff are aware of the signs and behaviour which **may** indicate abuse.

5.4 The Designated Safeguarding Lead will decide about the action that needs to be taken following a member of staff raising a concern about a child or following a direct disclosure. The Designated Safeguarding Lead may:

- Manage support for the child internally;
- Seek advice from the social worker advice line
- Instigate single agency intervention and work directly with the family to improve the situation;
- Refer to Early Help Assessment to provide multi-agency help to a family;
- In cases where children are deemed to be at significant risk of harm, the DSL will refer cases to the Local Authority for statutory intervention. Parental consent will be obtained wherever possible before referring cases to LCC Children's Social Care. However, if The Hinckley School is worried that telling parents will mean the child is at greater risk of harm, we may do this without informing them.
- If parents do not consent to a referral but The Hinckley School believes that a child is at significant risk of harm, a referral will still be made to children's social care.

5.5 For further information about the Leicestershire and Rutland Children Partnership's guidance, which is used by The Hinckley School to make decisions about protecting children, please visit <http://lrsb.org.uk>

5.6 See page 22 for flowchart of actions that will be taken where there are concerns about a child (taken from Keeping Children Safe in Education, 2024).

5.7 In cases where members of staff become aware that Female Genital Mutilation (FGM) has been carried out on a female below the age of 18, they have a mandatory duty to report this to the police without delay and will do so. Staff should refer this to the DSL, but the legislation requires regulated health and social care professionals and teachers in England and Wales to make a report to the police where, in the course of their professional duties, they either;

- are informed by a girl under 18 that an act of FGM has been carried out on her; or

- observe physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth.³

5.8 Child on child Abuse

The Hinckley School understands that both adults and other children can perpetrate abuse, and can happen inside and outside of school. and child on child abuse is taken very seriously. Child on child abuse can include bullying, (including cyber bullying, prejudice-based and discriminatory bullying) abuse in intimate personal relationships between peers, physical abuse, sharing of consensual and non-consensual images or videos, causing someone to engage in sexual activity without consent, sexual violence and/or harassment, upskirting, and initiation/hazing ceremonies. The Hinckley School recognise that safeguarding issues can manifest as child on child abuse. Please see the school's Behaviour and Relationships Policy for further information. This policy includes our approach to sexual violence and sexual harassment.

- 5.8.1 The Hinckley School will ensure staff understand what is meant by child on child abuse and the school policy on child on child abuse by regular staff training, briefings and updates.
- 5.8.2 The Hinckley School will work to prevent child on child abuse by
- promoting our school values through "PRIDE";
 - creating a culture of "telling";
 - responding appropriately to all reports of abuse;
 - working with specialists such as NSPCC, police as appropriate;
 - teaching students about safeguarding and related topics, so they understand abuse can be perpetrated by peers, online or in person, by strangers or by someone known to them.
- 5.8.3 In the event that an allegation of child on child abuse is made, The Hinckley School will investigate this through the relevant team and:
- speak to both victim and alleged perpetrator;
 - speak to any witnesses or view relevant CCTV;
 - record this on CPOMS as a safeguarding matter;
 - Issue appropriate sanctions including possible permanent exclusion.
- 5.8.4 In the event that an allegation of child on child abuse is made, victims and alleged perpetrators will be supported by:
- referral to relevant specialists such as counsellors, NSPCC, police, youth workers;
 - referral for internal support as appropriate via relevant team
 - recognising both parties may have previously been a victim of abuse;
 - working with parents/carers as appropriate;
 - carefully considering restorative approaches in light of the nature of the abuse;
 - consider arrangements for the appropriate education of both victim and perpetrator, taking into consideration specialist advice where a crime has been committed or is under investigation.
- 5.8.5 The Hinckley School will not tolerate abuse of any kind, will never pass off child on child abuse as 'banter', 'part of growing up', 'just having a laugh' or 'boys being boys'. This can lead to a culture of unacceptable behaviours and an unsafe environment for children.
- 5.8.6 The Hinckley School recognises the gendered nature of child on child abuse, but that all child on child abuse is unacceptable and will be taken seriously; The Hinckley School recognises for example that it is more likely that girls will be victims and boys' perpetrators of some kinds of peer-

³ *introduced in Section 5B of the FGM Act 2003, as inserted by section 74 of the Serious Crime Act 2015

on-peer abuse, however anyone can be the victim of abuse based on their gender, sexuality, disability or other difference and all instances will be treated equally.

The Hinckley School will adhere to guidance set out in Keeping Children Safe in Education (2024) especially part 5, when responding to incidents of child-on-child abuse. All staff will be made aware that 'upskirting' is a criminal offence

Sharing of consensual or non-consensual nude and semi-nude images or videos

5.9.1 "Sharing of consensual or non-consensual nude and semi-nude images or videos" in this policy refers to any sharing of youth-produced sexual imagery between children. This also includes pseudo-images that are computer-generated images that otherwise appear to be a photograph or video.

'This includes:

A person under the age of 18 creating and sharing sexual imagery of themselves with a peer under the age of 18;

A person under the age of 18 sharing sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult;

A person under the age of 18 being in possession of sexual imagery created by another person under the age of 18.

Inappropriate sexualised language sent as text online has not been included in the UK Council for Child Internet Safety guidance or definition. The Hinckley School will still take this behaviour seriously as a safeguarding matter and respond with support and sanctions as appropriate.

5.9.2 The Hinckley School has a responsibility to educate children in the risks relating to 'sharing of consensual or non-consensual nude or semi-nude images or videos' (includes pseudo-images that are computer-generated images that otherwise appear to be a photograph or video) and how to keep themselves safe online. See Appendix A for links to EAP Safety Policy and The Hinckley School's Relationships, Sex & Health Education policy.

5.9.3 Any incidents or suspected incidents of 'sharing of consensual or non-consensual nude or semi-nude images or videos' should be reported to the DSL without delay.

5.9.4 Once reported to the DSL, the DSL will decide on the appropriate course of action. This could include:

- Referrals to Children's Services (MARF) in regards to peers (also the Police if urgent response required)
- Confiscation of mobile phones in line with guidance 'Searching, Screening and Confiscation, January 2018);
- Referrals to the police and/or Children's Social Care
- Sanctions in accordance with Behaviour and Relationships Policy;
- Support for young people involved to prevent reoccurrence.

5.9.5 Any incidents of 'sharing of consensual or non-consensual nude or semi-nude images or videos' involving the following will result in a Children's Social Care and/or Police referral:

- Adult involvement;
- Coercion or blackmail;
- Children under the age of 13;
- Extreme, or violent content;
- Immediate risk of harm.

5.9.6 Staff will not view images or videos on student devices. Confiscated devices will be stored securely and passed to the relevant agencies.

5.9.7 We will work with parents as necessary if their child is involved in 'sharing of consensual or non-consensual nude or semi-nude images or videos', (includes pseudo-images that are computer-generated images that otherwise appear to be a photograph or video).

5.9.8 We operate a culture of safeguarding and young people should feel confident to disclose if they have sent an inappropriate image of themselves. Children will always be supported to retrieve and delete the images.

5.9.9 All adult-involved nude and semi-nude image sharing incidents are child sexual abuse offences and must immediately be referred to the DSL who will inform police/social care. However, as adult-involved incidents can present as child-on-child nude/semi-nude sharing, it may be difficult to initially assess adult involvement. The DSL will use the UK Council of Internet Safety's [advice for education settings](#) to help determine the correct response.

5.9 Child on child Sexual Violence and Sexual Harassment

5.9.1 Sexual Violence and sexual harassment, just like the above types of Child on child abuse, can occur both in and out of school (online and face to face) between children of any age and sex and is never acceptable. This includes children from Primary school through to Secondary and higher. Examples of this are;

- rape;
- assault by penetration;
- sexual assault;
- causing someone to engage in sexual activity without consent;
- sexual comments including on social media;
- sexual jokes;
- physical behaviour;
- online sexual harassment;
- sharing of unwanted explicit content;
- upskirting;
- sexualised online bullying;
- sexual exploitation, coercion and threats.

All members of staff at The Hinckley School maintain the attitude of 'it can happen here' to ensure all children are safeguarded. Ensure all staff address inappropriate behaviour always. (see Behaviour Policy on website) All staff understand that by not addressing this promptly, children's educational attainment may be impacted if the alleged perpetrator attends the same setting.

5.9.2 The Hinckley School will reassure the victim that they are being taken seriously and will be supported and kept safe. The Designated Safeguarding Lead (or Deputy) will take a lead role on reports whilst using their professional judgement, and liaising with other agencies by following the below protocol;

- When possible, two members of staff will be present where the report includes an online element. Staff will not view illegal images of children;
- Will not promise confidentiality as reports will need to be passed onto Children's Services (and in some cases the Police);
- Recognises that a child is more likely to disclose to a member of staff they have the strongest relationship with;
- An initial disclosure may be the first incident that is reported rather than a singular event;
- Some children may face barriers to disclosing such as, additional needs, vulnerability, sex, ethnicity and possibly sexual orientation;
- Will always listen carefully to the child whilst being non-judgemental;
- Write up the factual parts of the disclosure as soon as the child has finished disclosing;
- Liaise with First Response (and Police if urgent response required).

5.9.3 Nevertheless, the victim will never be given the impression that they are creating a problem by

reporting sexual violence and /or harassment. Staff will be aware of the importance of challenging inappropriate behaviours; making it clear it is never accepted, tolerated and is not part of growing up or banter.

5.9.4 In some cases, a risk assessment may be required but will be kept under constant review.

5.10.5 Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse that occur when an individual or group take advantage of an imbalance in power to coerce, control, manipulate or deceive a child into taking part in sexual or criminal activity. It may involve an exchange for something the victim needs or wants, and/or for the financial or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence. CCE and CSE can affect both males and females and can include children that have been moved for the purpose of exploitation (trafficking).

5.10.2 CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting or pickpocketing, vehicle crime, threatening violence on others or even carrying weapons.

5.10.3 The school is responsible for recognising children involved in CCE are victims of exploitation and should be recognised as such due to the harm they have experienced even if they appear to have consented to the criminal activity.

5.10.4 CSE is a form of child sexual abuse including physical contact and non-contact online activities including the internet or by phone. This can happen over time or as a one off and may happen without the child recognising this as abuse or harmful.

5.10.5 The school recognises that children of the age of 16 and 17 who can legally consent to a sexual relationship may also be the victims of CSE but may not recognise this.

5.11 Serious Violence

5.10.1 All staff will be made aware of indicators, which may signal that children are at risk of, or are involved with serious violent crime such as absence from school, a change in friendship/relationship, a significant decline in performance, signs of self-harm or a change in wellbeing, or sign of unexplained injury.

5.10.2 All staff will be made aware of the range of risk factors which will increase the likelihood of involvement in serious violence, criminal networks and gangs and understand the measures in place to prevent these.

5.10.3 All staff will have an awareness of Child Criminal Exploitation and behaviours linked to Child Criminal Exploitation. Further information about Child Criminal Exploitation can be found on page 13 of Keeping Children Safe in Education (2024).

5.12 Searching, Screening and Confiscation

5.11.1 Where necessary, searching, screening and confiscation will be used to safeguard children in The Hinckley School.

5.11.2 The Hinckley School adheres to 'Searching, Screening and Confiscation: Advice for Schools (January 2018).

5.11.3 Please see Behaviour and Relationships Policy for more information on searching, screening and confiscation policy.

5.13 Extra-Familial Harm

5.13.1 The Hinckley School recognises that safeguarding incidents can be associated with factors outside the school and may take place outside of the school. We also recognise that safeguarding incidents or

behaviours can occur between children outside of the school. We will always consider contextual safeguarding factors when responding to safeguarding incidents.

5.13.2 All staff will be made aware that safeguarding incidents and/or behaviours can be associated with factors outside The Hinckley School and/or can occur between children outside these environments.

5.14 Online Safety including Web Filtering and Monitoring

5.14.1 The Hinckley School recognises that in today's society, children need to be safeguarded from harmful and inappropriate online material as young individuals have unrestricted internet access. The range of subjects can be categorised into four risk areas, taken from Keeping Children Safe In Education 2024:

- Content – being exposed to illegal, inappropriate, or harmful content (pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation, and extremism)
- Contact – being subject to harmful online interaction with other users (peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit)
- Conduct – online behaviour that increases the likelihood of, or causes, harm (making, sending and receiving explicit images)
- Commerce – risks such as online gambling, inappropriate advertising, phishing and or financial scams

5.14.2 The Hinckley School recognises that the above can occur on a student's phone or smart device whilst at school/college or elsewhere. The school has responded to this via our E-Safety Policy, including Acceptable Use Policy, within The Hinckley School's Behaviour and Relationships Policy.

5.14.3 The Hinckley School has the tools to identify, intervene in and escalate any concerns alerted by our filtering and monitoring systems for both staff and students. The efficiency of this is regularly reviewed by the DSL and network manager, who report to the Head Teacher, Senior Leadership and Governors. Staff are aware of how to escalate concerns, by reporting to the Designated Safeguarding Lead.

5.14.4 Filtering is provided by Smoothwall and prevents access to websites that relate to: -

Child Sexual Abuse

Terrorism

Adult content (possibly more specific – porn, gambling...)

Offensive Language

5.14.5 Monitoring is provided by Leicestershire County Councils Digital Safeguarding E-Safety Monitoring service who monitor all school IT systems for any online communications, written text in any applications, whether typed or appearing on screen. This service includes:

- Real-time monitoring by a dedicated team

- Categorisation of all screen captures or concerns

- Password protected email to the DSL for non-urgent concerns

- Additional phone call to the DSL for urgent concerns

Monitoring includes the following areas

Acronyms and general slang

Drugs and addiction

Mild swear words and profanities

Network security and piracy

Pornographic content

Predators and strangers

Prevent

Racism and violence

Sex words and slang

Sexual health and biology

Strong swear words and profanities

Suicide and health

See Appendix A for links to related policies including ICT Acceptable Use Policy and E-Safety Policy.

5.15 Raising Concerns with Social Care

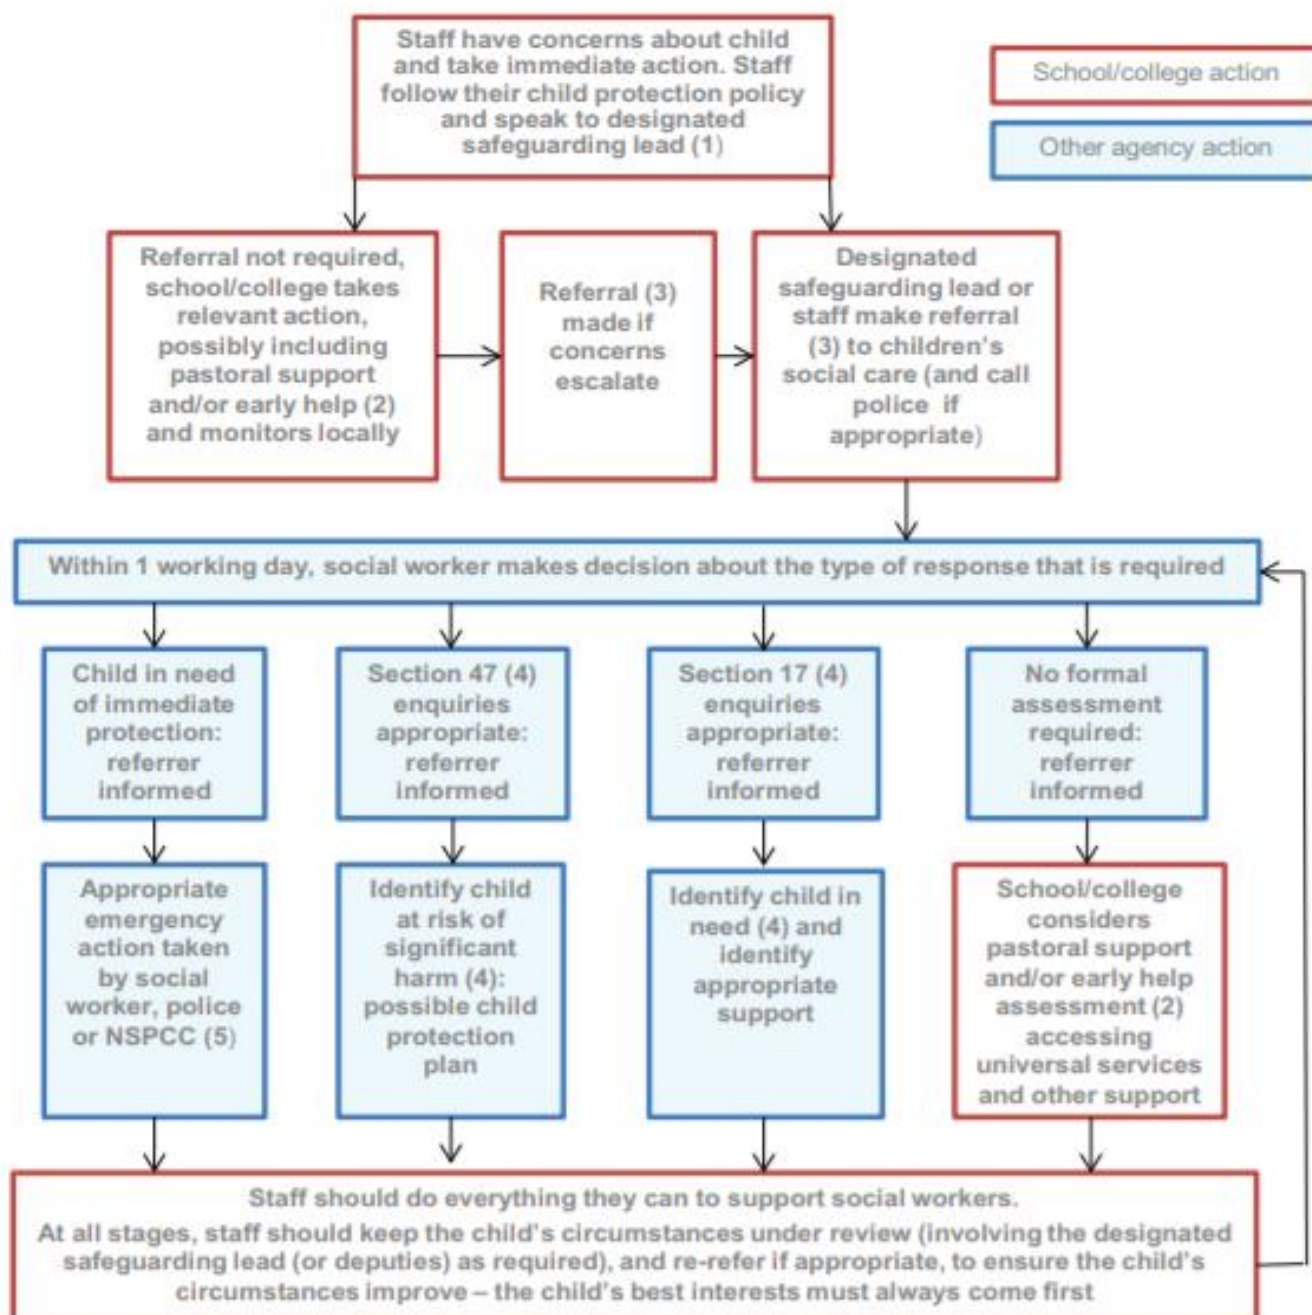

To raise concerns about children, members of staff should contact the First Response Duty team by telephone to discuss the referral. They should then complete the online Multi-Agency Referral Form (MARF) and submit this to the Children's Services (See flowchart below). The school will follow up referrals if we do not receive feedback from social care.

First Response: 0116 3050005 (including out of hours service)

MARF/Early Helpline referral form & Prevent form: <http://lrsb.org.uk/childreport>

Prevent/Channel Referrals: Ring 101 to speak to the Prevent Engagement Team

Actions where there are concerns about a child

(1) In cases which also involve a concern or an allegation of abuse against a staff member, see Part four of this guidance.

(2) Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of [Working Together to Safeguard Children](#) provides detailed guidance on the early help process.

(3) Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter one of [Working Together to Safeguard Children](#).

(4) Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter one of [Working Together to Safeguard Children](#).

(5) This could include applying for an Emergency Protection Order (EPO).

[6.13.1](https://www.leicester.gov.uk/media/178912/thresholds-for-access-to-services.pdf) If a child's situation does not appear to be improving following a referral, the school may re-refer the child. We will also consider using the Leicestershire and Rutland Safeguarding Children Partnership's Escalation and Resolution of Professional Disagreements policy. to ensure that our concerns have been addressed and that the situation improves for the child.
<https://www.leicester.gov.uk/media/178912/thresholds-for-access-to-services.pdf>

6 Record-keeping

6.1.1 Information will be kept confidential and stored securely.

6.1.2 A written record of all safeguarding and/or child protection concerns, discussions and decisions made will be kept in individual children's files. This should include instances where referrals were or were not made to another agency such as local authority children's social care or the Prevent programme, etc. This will be separate from the main school file and will only be accessed by the relevant safeguarding staff.

6.2 The Hinckley School keeps all safeguarding files electronically, using a system called CPOMS (Child Protection Online Monitoring System). Staff can make written records of any safeguarding concerns or disclosures on CPOMS at <http://hinckley.cpoms.net>

6.3 Staff will submit all concerns in writing to the DSL at the earliest opportunity. This may be after having a verbal conversation, but conversations will also be followed up in writing using CPOMS. In the event of technological issues or use by a visiting professional the forms in appendix C, can be used.

6.4 Records must be factual, accurate and relevant and avoid subjective judgements. It is not the school's responsibility to 'check out' what any child tells nor should any abuser be questioned.

6.5 In the event that a child moves school, the safeguarding file will be transferred to the new setting securely and separately from the main school file (within 5 days for in-year transfer). A record of the file transfer should be held. Once received by the new school, this school will not retain the information.

6.6 The school will seek at least two emergency contacts for every child.

6.7 All data processed by The Hinckley School is done so in line with the General Data Protection Guidelines and the Data Protection Act (2018). Please see the following policies for additional information: "Privacy Notice for Parents and Students – How we use your information" available on the school website.

6.8 Further information regarding information sharing and data processing in relation to safeguarding can be found in Part Two of Keeping Children Safe in Education (2024).

7 Confidentiality

7.1 Safeguarding information should be treated as confidential and only shared as part of the agreed school and Leicestershire and Rutland Safeguarding Partnership

7.2 All staff/volunteers in the school have a responsibility to share relevant information about the protection of children with other professionals.

7.3 Staff / volunteers who receive information about children and their families in the course of their work shall only share that information only within appropriate contexts.

8 Communication with parents/Carers

Parents and carers will be made aware of the school policy through published information and in initial meetings with parent and carers of new children. Parents and carers will be informed that in certain

circumstances there may be a need to contact other agencies without first notifying them. This decision will be made in partnership between Education Services and Social Care Services. It will be made clear that this is a legal obligation and not a personal decision. Consent to share information will be sought unless doing so may place someone at greater risk of harm.

9 Photography and Images

9.1 Consent from parents to photograph or video children at school events for promotional reasons will be sought when the child joins The Hinckley School. This will last for their duration at The Hinckley School unless informed otherwise.

9.2 Parents can withdraw consent at any time and must notify The Hinckley School if they do not wish their child's photographs or video to be used.

9.3 Photographs or video of children used publicly will not be displayed with their name or other personal information.

9.4 Photographs or video of children will be processed in line with the General Data Protection Regulation.

9.5 Online Learning may include the use of video conference technology and may involve recording of lessons. Where lessons are recorded students will be informed and recordings will be stored according to Data Protection guidelines and our Privacy Notice for a limited period of time.

10 Early Help

10.1 The Hinckley School is committed to supporting families as soon as a possible problem arises. It is more effective to support a family through early help than reacting to a problem later. Everyone who comes into contact with children and their families and carers have a role to play in safeguarding children. The Hinckley School works closely with Leicestershire and Rutland Safeguarding Partnership.

13 Allegations of abuse against staff

13.1 The Hinckley School takes all safeguarding concerns and/or allegations against staff seriously and will manage them in line with this policy, Part Four of Keeping Children Safe in Education (2024)

13.2 To reduce the risk of inappropriate or unprofessional behaviour towards children, all staff and volunteers must be aware of safer working practice and must be familiar with the Government document '*Guidance for Safer Working Practice for Adults who work with Children and Young People in Education Settings*'. 2022

13.3 A concern, sometimes referred to as an allegation, is any information which indicates that a member of staff/volunteer may have failed to meet the requirements set out in the staff Code of Conduct, or may have:

- behaved in a way that has harmed a child, or may have harmed a child;

- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children. (including behaviour outside of work. This is known as transferable risk).

This applies to any child the member of staff/volunteer has contact with in their personal, professional or community life.

13.4 Any such concerns or allegations must be reported in accordance with the steps below and the School's Statement of Procedures for Dealing with Allegations of Abuse against Teachers, Other Staff and Volunteers, which is made accessible to all staff and volunteers. Failure to report is a potential disciplinary matter. When reporting concerns, you must:

- Report your concern / the information immediately and without delay
- Report the facts.
- Make an accurate written record of the allegations or concerns, what you have witnessed or have been told. Give a copy of the dated and signed record to the person to whom you have reported your concerns.
- Maintain strict confidentiality.

13.5 If a concern or allegation of abuse arises against the Headteacher, it must be reported to Danielle Goodayle Chair of Governors without delay.

13.6 If a concern or allegation of abuse arises against any member of staff other than the Headteacher, it must be reported to the Headteacher without delay. This includes supply staff, volunteers, contractors and all staff outlined in paragraph 1.5 of this policy.

13.7 Concerns or allegations of abuse against staff must be reported to the Headteacher or Chair of Governors as appropriate and not discussed directly with the person involved.

13.8 The Headteacher or Chair of Governors should consider if the concern or allegation meets the threshold for Designated Officer intervention, and in doing so will inform and seek advice from the Trust's HR Director. The Local Authority designated officer is **Kim Taylor/Lovana Brown** and contact details can be found at the front of this policy.

13.9 Concerns relating to a position of trust issue will be referred to the Local Authority designated officer within 24 hours.

13.10 If a child has suffered or may have suffered abuse or harm, a Children's Social Care referral will also be made.

13.11 In the instances where an allegation is dealt with internally, the Local Authority designated officer will provide information and support to The Hinckley School in managing the allegation.

13.12 A referral to the Disclosure and Barring Service will be made if a member of staff is dismissed or removed from their post as a result of safeguarding concerns, or would have been removed if they had not resigned.

13.13 Supply Teachers and all contact staff

13.13.1 Although the school does not directly employ supply teachers, and contractors, the school will ensure that any concerns or allegations are handled properly.

13.13.2 The school will never cease to use a supply teacher for safeguarding reasons without liaising with the Local Authority Designated Officer and reaching a suitable outcome.

13.13.3 Governing bodies/proprietors will liaise with the supply agency to determine whether to suspend or redeploy the supply teacher whilst they carry out their investigation.

13.13.4 The school will inform supply agencies of its process for managing allegations, including inviting the agency's human resource manager (or equivalent) to meetings and regularly updating agencies on relevant school policies. The school will usually take the lead because agencies do not have direct contact with children or staff, so will not be able to collect facts.

13.14 Governors

If an allegation or concern is about a Governor, the school/college will follow local procedures.

13.15 Volunteers

Risk assessments and a DBS check will be requested for all volunteers. Under no circumstances will a volunteer whereby no checks have been carried out will be alone with children or allowed to work in regulated.

13.14 Whistleblowing

13.14.1 The Hinckley School operates a culture of safeguarding and all staff should report any concerns about poor or unsafe practice, or The Hinckley School safeguarding processes to the senior leadership team.

13.14.2 The School's Whistleblowing Policy is made accessible to all staff and volunteers and the senior leadership team will take all concerns seriously.

13.14.3 In the event that a member of staff is unable to raise an issue with senior leadership in school, they should refer to The Hinckley School Whistleblowing Policy and Part 1 of Keeping Children Safe in Education for additional guidance on whistleblowing procedures.

14 Promoting safeguarding and welfare in the curriculum

14.1 The Hinckley School recognises the importance of teaching children how to stay safe and look after their mental health and are committed to equipping children with the skills and knowledge to have successful and happy lives.

14.2 The school will teach children about safeguarding, including online safety. As part of a broad and balanced curriculum, the school will cover relevant issues in line with government guidance on Relationships Education, Relationships and Sex Education and Health Education. - Working with parents to provide skills and knowledge around safeguarding topics such as online safety and mental health.

15 Children Looked After (CLA)

15.1 The most common reason for children to be looked-after is because they have experienced abuse and/or neglect. The Hinckley School recognises that children looked after may have additional vulnerabilities. **The Designated Lead for Looked-After and Previously Looked-After Children is Mrs Georgia Birks**

15.2 Staff will receive training on how to best safeguard children who Looked-After and Previously Looked-After are.

15.3 The Hinckley School will work with Personal Advisors when children leave care (where applicable).

15.4 The Hinckley School is committed to working with other agencies to ensure the best outcomes for Looked-After and Previously Looked-After children.

16 Children with Special Educational Needs or Disabilities or Physical Health Needs

16.1 As outlined in Keeping Children Safe in Education (2024), The Hinckley School is aware that children with additional needs or disabilities may be more vulnerable to abuse and additional barriers may exist when recognising abuse exploitation and neglect. This could be because:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration;
- being more prone to peer group isolation or bullying (including prejudice- based bullying) than other children.
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in managing or reporting these challenges.⁴

16.2 Staff will be trained in recognising signs of abuse in children with SEN and disabilities or certain medical conditions.

17.3 Staff will consider the needs of a child when responding to concerns of abuse or when taking a disclosure. We recognise that some children require specialist intervention to communicate and advice from the SENDCo will be sought in these circumstances.

16.4 Safeguarding learning opportunities within the curriculum will be appropriately differentiated to ensure all children can access it.

17 Use of reasonable force

17.1 There may be occasions when staff are required to use reasonable force to safeguard children. Staff will risk assess the situation, and will not use any more force than is necessary.

17.2 In line with our Behaviour Policy and Staff Code of Conduct, and how we choose to treat children,

⁴ Keeping Children Safe in Education, September 2020

our approach to managing behaviour is to build positive relationships, our approach to managing behaviour is to use a clear system of rewards and consequences to promote good behaviour. In circumstances where this is not effective a senior member of staff is available on an on-call basis. A situation that required use of reasonable force to keep someone safe would be recorded as a safeguarding concern, documented on CPOMS, investigated by the Pastoral Lead and overseen by a senior member of staff. Any situations would be discussed with the Headteacher to ascertain if changes to policy, practice or training were required to avoid future recurrence.

17.2 When using reasonable force in response to risks presented by incidents involving children with special educational needs or disabilities (SEND), mental health or with medical conditions, The Hinckley School will consider the risks and carefully recognise the additional vulnerability of these groups. The Hinckley School consider their duties under the Equality Act 2010 in relation making reasonable adjustments, non-discrimination and their Public Sector Equality Duty.

18 Work Experience

Please see the relevant policy on the school website.

19 Children missing from education, home or care

The Hinckley School will also take action to protect children missing education and children missing from home or care.

19.1 Children Missing Education

A summary of key actions is below but please refer to the specific policy Children Missing Education on the school website and DFE guidance <https://www.gov.uk/government/publications/children-missing-education>

- Daily attendance monitored by Pastoral Lead/ Attendance Officer after morning registration
- First Day absence procedures followed for all students, text message, phone call, (see attendance policy and CME flowchart).
- Students who are Looked After, on a Child Protection plan or have other identified vulnerabilities, such as police notifications of Domestic Abuse with current Early Help services involvement, the social worker/key worker will be informed of absence and any concerns, after period 1 register is taken. If there is any doubt as to whether a child may be at risk of harm, the Designated Safeguarding Lead will be consulted.
- After 5 days the Local Authority CME team will be informed if no contact has been made with the family, having followed the normal absence process (text messages, phone calls, home visits).
- After a maximum of 10 days, the Children Missing Education Form will be completed and further advice sought.

After 20 days, the Remove from Roll checklist will be completed and advice will be sought from the CME team. The child can only be deleted from the School's Admission register, with the signature of the Headteacher on the completed Remove from Roll checklist.

The Hinckley School have a duty to refer any children who are living in a private fostering arrangement to the local authority. This is defined as a child living for more than 28 days with someone who is not a close relative.

We will do this through a Children's Social Care referral. It is important that parents/carers inform us if a child is going to be staying at an alternative address to that of their primary care-givers for more than 14 days, so we can support them as required.

21 Operation Encompass

Leicestershire schools are part of an initiative set up by the police called Operation Encompass. If any child is witness to a domestic abuse incident then police will inform the Designated Safeguarding Lead at the school which the children attend, the following morning. More information is available on the school website.

The Hinckley School is committed to safeguarding children and will always make safeguarding decisions that are in the best interests of each child. For further information or if you have any queries about this policy, please contact the school.

Appendix D - Preventing Extremism and Radicalisation Guidance

Introduction

1. Since 2010, when the Government published the Prevent Strategy, there has been an awareness of the specific need to safeguard children, young people and families from violent extremism. There have been several occasions both locally and nationally in which extremist groups have attempted to radicalise vulnerable children and young people to hold extreme views including views justifying political, religious, sexist or racist violence, or to steer them into a rigid and narrow ideology that is intolerant of diversity and leaves them vulnerable to future radicalisation.

2. The Hinckley School values freedom of speech and the expression of beliefs/ideology as fundamental rights underpinning our society's values. Both students and teachers have the right to speak freely and voice their opinions. However, freedom comes with responsibility and free speech that is designed to manipulate the vulnerable or that leads to violence and harm of others goes against the moral principles in which freedom of speech is valued. Free speech is not an unqualified privilege; it is subject to laws and policies governing equality, human rights, community safety and community cohesion.

3. The Hinckley School is committed to providing a secure environment for students, where children and young people feel safe and are kept safe. All adults at the school recognise that safeguarding is everyone's responsibility irrespective of the role they undertake or whether their role has direct contact or responsibility for children or not.

4. This Preventing Extremism and Radicalisation Policy is one element within our overall school arrangements to safeguard and promote the welfare of all children in line with our statutory duties set out at S157/S175 of the Education Act 2002.

5. Our school's Preventing Extremism and Radicalisation Policy also draws upon the guidance produced by the Leicestershire and Rutland Safeguarding Children Board; DfE Guidance "Keeping Children Safe in Education, 2023", HM government document "Prevent strategy: A guide for local partners in England" and the "Counter Terrorism and Security Act 2015".

6. The Counter-Terrorism and Security Act 2015 contains a duty on specified authorities, which includes all schools including academies, free schools, maintained schools and studio schools to have due regard to the need to prevent people from being drawn into terrorism. The new legislation will be measured through various inspection frameworks, with schools and Children Services measured through OFSTED. The government will be producing guidance to help schools deliver the required standards (issued under section 29 of the Act).

7. The Local Authority has a Prevent Coordinator and offers support and challenge in relation to the Prevent agenda. To contact the Prevent Co-ordinator please visit <https://www.leicesterprevent.co.uk>

8. The Department for Education has set up a helpline for teachers who have questions and/or concerns about extremism.

9. Teachers can call: 0800 789 321 or email: counter.extremism@education.gsi.gov.uk

School Ethos and Practice

10. When operating this Policy, the school uses the following accepted Governmental definition of extremism which is: 'Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs; and/or calls for the death of members of our armed forces, whether in this country or overseas'.

11. There is no place for extremist views of any kind in our school, whether from internal sources (students, staff or governors) or external sources (school community, external agencies or individuals). Our students see our school as a safe place where they can explore controversial issues safely and where our teachers encourage and facilitate this – we have a duty to ensure this happens.

12. As a school we recognise that extremism and exposure to extremist materials and influences can lead to poor outcomes for children and so should be addressed as a safeguarding concern as set out in this Policy. We also recognise that if we fail to challenge extremist views we are failing to protect our students.

13. Extremists of all persuasions aim to develop destructive relationships between different communities by promoting division, fear and mistrust of others based on ignorance or prejudice and thereby limiting the life chances of young people. Education is a powerful weapon against this; equipping young people with the knowledge, skills and critical thinking, to challenge and debate in an informed way.

14. Therefore, the school will provide a broad and balanced curriculum, delivered by skilled professionals, so that our students are enriched, understand and become tolerant of difference and diversity and also to ensure that they thrive, feel valued and not marginalized.

15. Please see notes on associated terminology in the Appendix.

The Counter Terrorism and Security Act July 2015

16. The Counter Terrorism and Security Act 2015 was published on 12th March 2015. Section 26 of the Act places a duty on schools in England (and Wales) to prevent people being drawn into terrorism. This duty applies to all schools, whether publicly-funded or independent, and organisations covered by the Early Years Foundation Stage framework. The duty also applies to children's homes. Statutory guidance has been published and comes into force on 1st July 2015.

17. Schools leaders (including governors) must:

- establish or use existing mechanisms for understanding the risk of extremism
- ensure staff understand the risk and build capabilities to deal with it
- communicate and promote the importance of the duty
- ensure staff implement the duty effectively

18. Other duties on schools include:

- effective partnership working with other local agencies, e.g. Police, health, etc.
- information sharing
- maintaining appropriate records
- assessing local risk of extremism (including Far Right extremism)
- demonstrating they are protecting children
- developing clear protocols for visiting speakers
- safeguarding policies that take account of LSRB policies and procedures
- training staff to give them knowledge and confidence
- ensuring there is robust ICT protocols that filter out extremist materials
- school buildings must not be used to give a platform to extremists

19. Ofsted are responsible for monitoring how well schools are implementing this duty.

20. See Appendix 1 for optional schools' audit.

Recognising the indicators of vulnerability to radicalisation

21. There is no such thing as a “typical extremist” those who become involved in extremist actions come from a range of backgrounds and experiences, and most individuals, even those who hold radical views, do not become involved in violent extremist activity.

22. Students may become susceptible to radicalisation through a range of social, personal and environmental factors - it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and their families and communities. It is vital that school staff are able to recognise those vulnerabilities.

23. Indicators of vulnerability include:

- **Identity Crisis** – the student is distanced from their cultural/religious heritage and experiences discomfort about their place in society;
- **Personal Crisis** – the student may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging;
- **Personal Circumstances** – migration; local community tensions; and events affecting the student/student’s country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy;
- **Unmet Aspirations** – the student may have perceptions of injustice; a feeling of failure; rejection of civic life;
- **Experiences of Criminality** – which may include involvement with criminal groups, imprisonment, and poor resettlement /reintegration;
- **Special Educational Need** – students may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.

24. More critical risk factors could include:

- Being in contact with extremist recruiters;
- Accessing violent extremist websites, especially those with a social networking element;
- Possessing or accessing violent extremist literature;
- Using extremist narratives and a global ideology to explain personal disadvantage;
- Justifying the use of violence to solve societal issues;
- Joining or seeking to join extremist organisations; and
- Significant changes to appearance and / or behaviour;
- Experiencing a high level of social isolation resulting in issues of identity crisis and/or personal crisis.

25. Any prejudice, discrimination or extremist views, including derogatory language, displayed by students or staff will always be challenged and where appropriate dealt with in line with our Behaviour Policy for students and the Code of Conduct/Staff Behaviour policy for staff.

26. We will ensure that all of our staff are equipped to recognise extremism and are skilled and confident enough to challenge it. All staff will complete the home office e-learning package on prevent and radicalisation and extremism will be an integral part of annual staff safeguarding training.

27. Our school is required to identify a Prevent Single Point of Contact (SPOC) who will be the lead within

the organisation for safeguarding in relation to protecting individuals from radicalisation and involvement in terrorism. The SPOC for The Hinckley School is Kate Priestnall.

28. When any member of staff has concerns that a student may be at risk of radicalisation or involvement in terrorism, they should speak with the Single point of Contact (SPOC) or Headteacher. We will help support students who may be vulnerable to such influences as part of our wider safeguarding responsibilities and where we believe a student is being directly affected by extremist materials or influences we will ensure that that student is offered assistance. Additionally, in such instances our school will seek external support from the Local Authority and/or local partnership structures working to prevent extremism.

29. Our school will closely follow the locally agreed procedure as set out by the LRSB for safeguarding individuals vulnerable to extremism and radicalisation. <http://www.lrsb.gov.uk>

Teaching Approaches

30. We will all strive to eradicate the myths and assumptions that can lead to some young people becoming alienated and disempowered, especially where the narrow approaches children may experience elsewhere may make it harder for them to challenge or question these radical influences. In our school this will be achieved by good teaching, primarily via Citizenship and PSHE sessions; but also, by adopting the methods outlined in the Government's guidance 'Teaching approaches that help build resilience to extremism among young people' DfE 2011. These approaches include setting targets for young people to build a sense of ownership; creating a safe space for dialogue between staff and students; building resilience in students; improving student skills for collaborative work; improving students' ability to interact with each other and a peer mentoring scheme. We will ensure that all of our teaching approaches help our students build resilience to extremism and give students a positive sense of identity through the development of critical thinking skills. The school will promote the values of democracy, the rule of law, individual liberty, mutual respect and tolerance for those with different faiths and beliefs. We will teach and encourage students to respect one another and to respect and tolerate difference, especially those of a different faith or no faith. It is indeed our most fundamental responsibility to keep our students safe and prepare them for life in modern multi-cultural Britain and globally.

31. We will also work with local partners, families and communities in our efforts to challenge extremist views and to assist in the broadening of our students' experiences and horizons.

Use of External Agencies and Speakers

32. The school encourages the use of external agencies or speakers to enrich the experiences of our students; however, we will positively vet those external agencies, individuals or speakers who we engage to provide such learning opportunities or experiences for our students. This includes following the Visitor Management Policy, viewing material that will be used beforehand and conducting a social media check on such agencies or individuals.

33. Such vetting is to ensure that we do not unwittingly use agencies that contradict each other with their messages or that are inconsistent with, or are in complete opposition to, the school's values and ethos.

34. Our school will assess the suitability and effectiveness of input from external agencies or individuals to ensure that:

- Any messages communicated to students are consistent with the ethos of the school and do not marginalise any communities, groups or individuals
- Any messages do not seek to glorify criminal activity or violent extremism or seek to radicalise students through extreme or narrow views of faith, religion or culture or other ideologies
- Activities are properly embedded in the curriculum and clearly mapped to schemes of work to avoid contradictory messages or duplication.

- Activities are matched to the needs of students
- Activities are carefully evaluated by the school to ensure that they are effective.

35. Therefore by delivering a broad and balanced curriculum, augmented by the use of external sources where appropriate, we will strive to ensure our students recognise risk and build resilience to manage any such risk themselves where appropriate to their age and ability but also to help students develop the critical thinking skills needed to engage in informed debate.

Whistleblowing

36. Where there are concerns of extremism or radicalisation students and staff will be encouraged to make use of our internal systems to whistle blow or raise any issue in confidence.

37. Please refer to the separate Whistleblowing Policy which is available on the school's website and from the School Office.

Recruitment

38. The arrangements for recruiting all staff, permanent and volunteers, to our school will follow government guidance on safer recruitment best practice in education settings, including, but not limited to, ensuring that DBS checks are always made at the appropriate level, that appropriate references are always received and checked and that we complete and maintain a Single Central Record of such vetting checks.

39. We will apply safer recruitment best practice principles and sound employment practice in general and in doing so will deny opportunities for inappropriate recruitment or advancement. We will be alert to the possibility that persons may seek to gain positions within our school so as to unduly influence our school's character and ethos. We are aware that such persons seek to limit the opportunities for our students thereby rendering them vulnerable to extremist views and radicalisation as a consequence.

40. Therefore, by adhering to safer recruitment best practice techniques and by ensuring that there is an ongoing culture of vigilance within our school and staff team we will minimise the opportunities for extremist views to prevail.

Role of Governing Body

41. The Governing Body of our school will undertake annual training led by the Designated Safeguarding Lead to ensure that they are clear about their role and the parameters of their responsibilities as Governors, including their statutory safeguarding duties.

42. The Governing Body of our school will support the ethos and values of our school and will support the school in tackling extremism and radicalisation.

43. In line with the provisions set out in the DfE guidance 'Keeping Children Safe in Education, 2023' the Governing Body will challenge the school's senior leadership team on the delivery of this policy and monitor its effectiveness.

44. Governors will review this policy regularly but may amend and adopt any amendments outside of this timeframe in accordance with any new legislation or guidance.

Standards for Teachers

45. The 2011 (updated 2013) Standards for Teachers (part two) states: A teacher is expected to demonstrate consistently high standards of personal and professional conduct. The following statements, define the behaviour and attitudes that set the required standard for conduct throughout a teacher's career.

Teachers uphold public trust in the profession and maintain high standards of ethics and behaviour, within and outside school by:

- Treating students with dignity, building relationships rooted in mutual respect, and at all times observing proper boundaries appropriate to a teacher's professional position
- Having regard for the need to safeguard students' well-being, in accordance with statutory provisions showing tolerance of and respect for the rights of others
- Not undermining fundamental British values, including democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs
- Ensuring that personal beliefs are not expressed in ways that exploit students' vulnerability, or might lead them to break the law.

48. Teachers must have proper and professional regard for the ethos, policies and practices of the school in which they teach, and maintain high standards in their own attendance and punctuality. They must have an understanding of, and always act within, the statutory frameworks that set out their professional duties and responsibilities.

49. NB the phrase 'fundamental British values' refers to the definition of extremism as articulated in the Prevent Strategy, which was launched in June 2011 and updated recently. It includes the need for schools to explore with students and students 'democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs.'

Policy Adoption, Monitoring and Review

50. This Policy was considered and adopted by the Governing Body in line with their overall duty to safeguard and promote the welfare of children as set out in the DfE guidance 'Keeping Children Safe in Education' 2024 and duties as set out in the Counter Terrorism and Security Act 2015.

51. Parents/carers will be issued with a hard copy of this Policy on request. This Policy will also be made available to parents/carers via the school's website.

52. Governors will review this policy annually prior to the start of a new academic year but may adopt any amendments outside this timeframe in accordance with any new legislation or guidance.

Supporting children who are travelling/have travelled abroad to specific locations

53. If a student/parent/carer seeks permission to travel abroad and this falls within the academic school term then the family should be provided with the letter as set out in Appendix 3. The Dangers of travelling for terrorism (or Forced Marriage or Female Genital Mutilation) are becoming increasingly apparent and concerning. While this guidance refers to children and young people returning; there is an absolute desire to stop them travelling wherever possible. School staff must also be alert and refer cases of potential concern if they become aware that a student/ is intending to travel during school holidays.

54. If you have concerns either post travel or pre-travel and/or identify any concerns in relation to extremism as identified above please refer to the flow diagram on Appendix 4 which relies on your professional judgment with full support and guidance from your SPOC. If any of the indicators of concern are noted upon return/extremism risk identified then consideration needs to be given to making a referral

to Channel, the Channel panel will suggest appropriate intervention. This will be from a safeguarding perspective around a number of issues that will encompass extremism vulnerabilities. If any responses/discussions give further indicators for concern around extremism then the Local Security and Partnership Officer will be contacted.
